Next Meeting

Our next meeting will be at the Navy Marine Club 1310 E Sieberling Ave in Peoria Heights at

7:00 pm on Tuesday, May 10, 2005

Mow Schedule

The grass is growing!

Safety Tip of The Month

CA Glue. Use sparingly and don't get your fingers stuck. Most important of all do not point the glue bottle towards your face and eyes at anytime, especially when you are opening it up. I could easily be squirted in your eyes.

Site Team Update

The grass is starting to turn green on the new flying field. A special thanks goes to John Bremenkamp and his crew for getting the seed in as early as possible. We expect a good coverage of new grass by June. The road, shed and toilet are

the next priority items. Wally is getting quotes on gravel for the road and parking area which we hope to have completed in May. We have consulted with the road commissioner and know what needs to be done on the creek crossings. That work will have to be sequenced with the road construction and the farmer's need to access the field.

We have not heard back from RP Lumber regarding the request for help on building material costs submitted by Vern last month. The AMA is processing our \$1000 grant application and we should have a response sometime this month. In general, the site development is moving ahead as planned. -Paul Cobb

From the Presidents Hanger

Many times when we go to the polls to vote, we are most concerned about the person for the "top spot". When really we should be concerned about all of the vacancies to be filled. A case in point is the president of our club. You all elected me to be president and so far I have done my best. But out of the 4 meetings this year, I have been absent 2 due to being in the hospital. Your Vice President, Wally, took over and so I am told did an excellent job!

President	Vern Mall
Vice President	Wally Walwer
Sec./Treasurer	Jim Martin
Newsletter Editor	Steve Grob
Safety & Rules Committee	Bryan Miller
Maint. & Grounds Committee	John Bremenkamp
Events Committee	Jim Allen Paul Wann
Social & Education Committee	Kayton Heavrin
Site Committee	Paul Cobb

For our Club, or any organization to function well we need a "back up" person for the job that we are doing. Do you have a "back up" for your job in the Club? If not should you? -Vern Mall

New Constitution

At the April meeting the balance of the required 'Accept' votes were made and the changes to the constitution were officially voted in. Look for the new constitution on the website soon.

Central RC Hobbies
Specializes in Remote Control Boats, Cars, Planes & Accessories

Business Hours:
M-F 11-6
Sat 9-4

Rick Jacobson / Owner

Golden Divot

-Paul Cobb – U-Can-Do. Dumb Thumbs. Not enough left of airplane for Marshall or Tom to make anything out of. Engine packed with dirt.

-John Bremenkamp – Electric. Lost prop and elevator servo sticking.

And the winner is....Paul Cobb!

New Member

Mark Westphalen was voted in as a new member. Welcome to the Club Mark!

Meeting Agenda

Washington R/C Flyers

May 10, 2005

"The will of the members will propel our Club forward!"

Welcome - Vern Mall

Roll Call - Jim Martin

Quorum - Jim Martin

Financial Report, Dues & Bonds - Jim Martin

Guests 1st time ? 2nd time

4. Grant update - Vern Mall

5. Other old business????

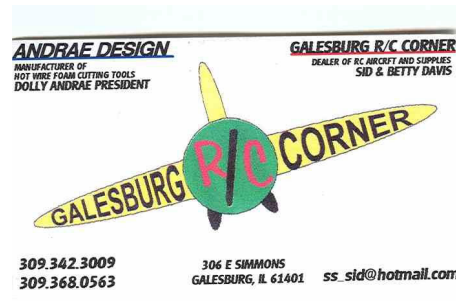

New Business

Item

1. Other new business ????

Entertain motion to adjourn

Show & Tell or Program

Get a better bond

from the Western New York Free Flight Society, Fairport NY

by David Rosenberg

Mark C. Rzacca, editor

Cyanoacrylate (CY) adhesive is triggered by moisture! Wood that becomes too dry from being stored too long in low humidity environments may not have sufficient moisture to activate CY glue. Moisten old balsa wood prior to bonding.

Quote:

I would not waste my life in friction when it could be turned into momentum.

Frances Willard (1839-1898), educator

Building board

Madison Area Radio Control

Society, Madison WN

Jerry Buss, editor

I was just informed about a great building board called Homasote Handi-Board. It can be purchased at Menards in 2 x 4 foot, 1/2-inch thick sheets. It is a gray color and appears to be made of a recycled paper. In order to get a flat sheet,

you might want to pull one out near the middle of the stack.

Pins can be pushed into it, and the material absorbs razor-blade cuts without shredding. I laid the sheet on top of my work bench and built right on top of it; however, to prevent globs of hardened glue from making the surface uneven, a sheet of thin poster board could be taped to the top of the Handi-Board and replaced when it gets too messy.

Washington R/C Attire

T-shirts, caps and jackets with our new logo can now be ordered.

Please fill out the attached order form and bring it to the next membership meeting.

2005 Washington R/C Attire

NAME: _____

<u>Description</u>	<u>Color</u>	<u>Size</u>	<u>Quantity</u>	<u>Price</u>	<u>Total</u>
